Rome, 1st July 2009

*The President/The Secretary General
of all the Member National Associations of EFSMA*

Dear Colleagues,

You will find herewith enclosed a letter from the nominated EFSMA Election Committee inviting you to participate in the next Council of Delegates Meeting, which will be held in conjunction with the 6th European Sports Medicine Congress, on 16th October 2009, at h. 14.00, in Antalya (TUR).

This Meeting, as the previous ones, has to be considered of great significance not only because it is an important date for the election the Executive Committee, but also for representing a unique opportunity to get-together, strengthen relationships, take decisions, and for you, Representatives of the member National Associations, to also receive an up-to-date on the EFSMA activities and to present your proposals.

The Congress, organised in the superb setting of Antalya, will be another great opportunity to share our scientific experiences at European level. Following the tradition of the EFSMA Congresses, also this year we have planned the "Young Investigators Award", with the aim of encouraging the research in the field of sports medicine.

In my capacity of Secretary General and in the name of all the EFSMA Executive Committee, I really hope to see a great participation from all the member National Associations.

Looking forward to welcoming you in Antalya.

Yours sincerely,

Prof. Fabio Pigozzi
EFSMA Secretary General
